

Dear [insert name of WCC or NBBC councillor here]

Now that the Bermuda Connection consultation period has ended, I am aware that Warwickshire County Council will be meeting (I understand that this will be the Cabinet in the first instance) to decide whether to progress the project to the detailed design stage.

I urge you to consider the detrimental impact that such a scheme will have on the local community and environment and to vote against progressing the project.

As such I have attached a short summary of the 12 key reasons to object.

Yours Sincerely

[add your name in here]
